To Whom It May Concern:

Phil Jaderborg, with PJ Networks, has serviced our computer equipment, for Infinity Management, LLC, since January of this year. Phil is always professional and very prompt with service or answering questions regarding our computers, server or network. In the case of an emergency, he is always readily available.

I would recommend PJ Networks for any computer needs you may have. Please call me with any questions.

Thank you,

Tammy Garrison
Manager of Rental Operations
